Subject: February 4th for Council Meeting?

Hello-

Thank you to everyone who is keeping this project moving along. I still want to keep the same dates for the inspections, etc., but it would help me to have a couple additional weeks to work on the report, i.e., move the City Council meeting date to February 4th instead of January 21st. However, I want to make sure that date still works for you both. Please let me know this morning if possible. Thank you.

Sincerely,

Amy Seeraty
